Purpose of Workshop

The purpose of the workshop is to seek feedback from the Board on a series of draft policy principles that will inform the development of a Council policy on community sports buildings in the Park Lands.

The development of this policy is a result of a Council Decision on 27 June 2023, where Council requested a report from Administration by September 2023, providing policy options for Park Lands buildings for the provision of fit-for-purpose facilities including toilets, changerooms and storage.

The following documents are referenced in the workshop papers:

Key Questions

- What amendments to the draft policy principles and/or additional policy principles would Board Members like to see?
- What are Board Members views regarding the inclusion of associated sports infrastructure (such as lighting) within these principles?
