Key Messages

Adelaide Park Lands Management Strategy (APLMS)

- The APLMS 2015-2025 review process identified opportunities to utilise digital tools to improve community access to the APLMS
- The digital tool aims to:
 - Present key information from the draft reviewed APLMS, *Towards 2036*
 - Provide data that can be updated regularly to provide insights on the Adelaide Park Lands
 - Provide users with up-to-date information that can be accessed based on interest
 - Present information in geospatial format that links principles and opportunities in the APLMS with places and Adelaide Park Land precincts
 - Integrate with the City of Adelaide's City Plan digital tool for a comprehensive view of the City and Adelaide Park Lands

Key Question

KEY QUESTION

What are Board Members' views of the digital version of the APLMS including data, relevance, readability and use by the community?

Implications

Implication	Comment
