

High Level - Engagement Plan

PURPOSE OF YOUR ENGAGEMENT

Following Council's request for a review of the Homelessness, Social Housing and Housing Affordability Policy and a Homelessness Roundtable to support the policy review, a new draft Homelessness Strategy – Everyone's Business, has been developed.

Extensive feedback was provided by key stakeholders in 2022 when consultation was undertaken for the Homelessness, Social Housing and Housing Affordability Policy. The new approach seeks further feedback to shape Council's involvement in homelessness prevention and early intervention.

Feedback from stakeholders will be sought to:

- Inform key stakeholders of Council's new draft Homelessness Strategy – Everyone's Business.
- Seek feedback on the draft Homelessness Strategy – Everyone's Business to ensure the identified goals and targets are in line with the needs of the community.
- Enable advocacy to the State and Commonwealth Government.

BACKGROUND INFORMATION

The Homelessness, Social Housing and Housing Affordability Policy was endorsed by Council on 10 May 2022. This followed engagement which took place between 24 January 2022 to 10 May 2022. Supporting people in the city who are vulnerable, homeless or at risk of homelessness, has been a long-term priority area for the City of Adelaide.

In June 2023 Council considered the 'Discussion Paper: People experiencing homelessness in the City of Adelaide'. The Lord Mayor hosted a Homelessness Roundtable on 10 August 2023 to seek feedback on:

- Key service gaps in current services for people experiencing homelessness.
- What practical things can the City of Adelaide do to add value to existing service provision? Things that have worked in the past and could be re-introduced?
- What are the opportunities and challenges with data collection? Can City of Adelaide help?

Feedback from the Homelessness Roundtable has shaped the draft Homelessness Strategy – Everyone's Business.
