CITY OF ADELAIDE

Your Say Adelaide

Apartment Buildings

There were several apartment buildings that we could not access after multiple attempts over the course of the Distribution. 23 & 31 Frew St were not accessible. We left 30 at both of these locations with a note from Blue Tongue on behalf of the Council.

Uni Student Accommodation

Y Suites – 128 Waymouth St. 780 apartments in this facility. The concierge / manager would only accept 5 postcards for the common area.

Would not allow access to the letterboxes after multiple attempts

Dwell – 12-18 Synagogue Place. 300 apartments. No letterboxes, they only wanted 100 for the common area.

Uni SA House – 160 Rundle Mall – no one available to chat to. No letterboxes, left 100.

Switch – (Student Hostel). 203 North Tce, 350 apartments. Left 100

Scape – 230 North Terrace. Around 500 apartments. Left 100.

City Garden Uni Lodge – 105 Gray St. 800 apartments. No letterboxes. Left 100

Uni Adelaide Village – 210 Grote St. 400 apartments. No letterboxes. Left 50.

Yugo – 269 North Tce. 680 apartments. They have letterboxes but they said they don't use them. Front desk wanted 100 and will tell the students about it as they come in.

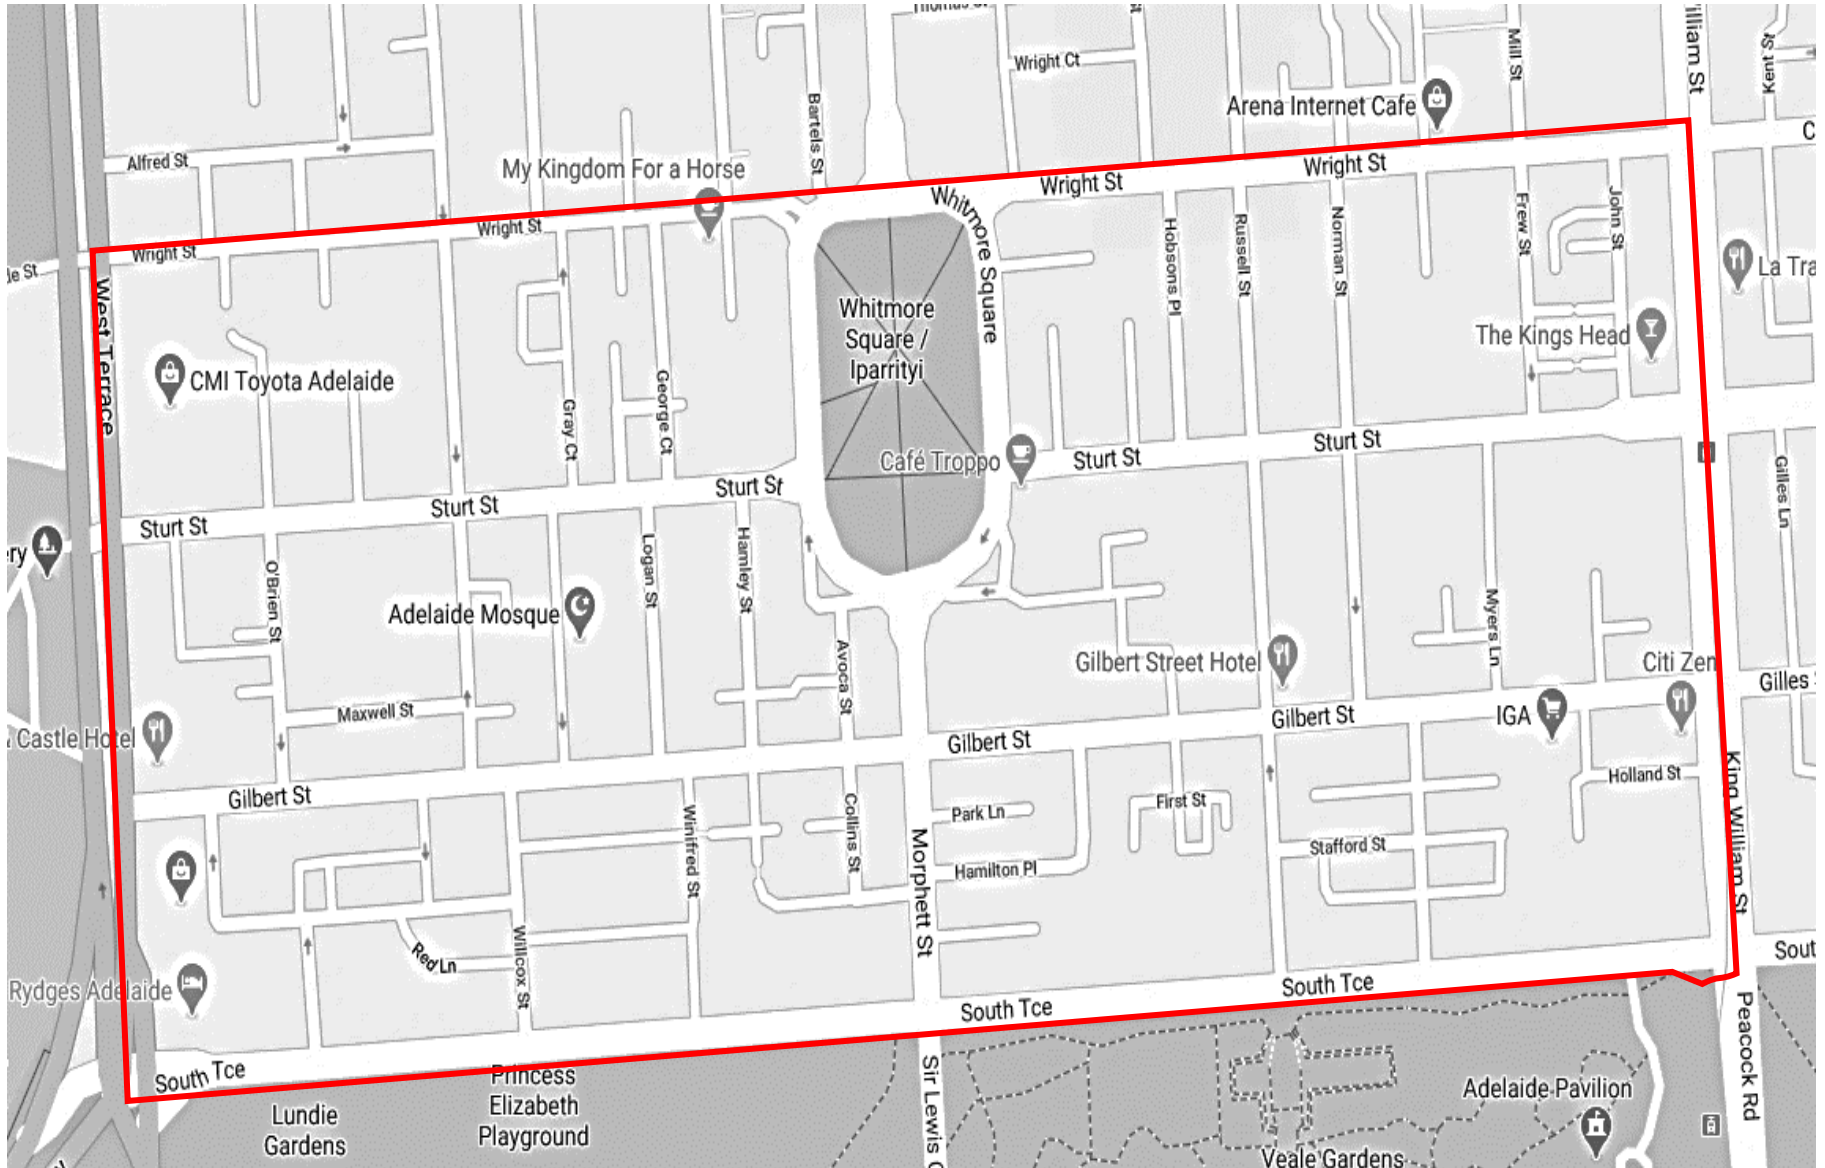

We did all these student accommodation type places at the end to make sure the rest of the maps got covered first. There is around 8000 in total throughout the CofA. Would definitely not be enough to cover the whole area. Most people were better this time around with us delivering as the Co-Ordinator spoke to them earlier in the distribution and said we would come back at the end if we have leftovers and would divide up between the facilities.
