INTRODUCTION

Section 199 of the *Local Government Act 1999 (SA)* (the Act) requires a council to manage Community Land in accordance with a management plan for the land. Land owned by a council or under a council's care, control and management is classified as Community Land.

The current adopted Community Land Management Plans including plans for the Park Lands and City Square are available to view at City of Adelaide's website www.cityofadelaide.com.au

The Corporation of the City of Adelaide owns a number of properties that is used for the purposes of community open space.

Section 196(2) of the Act allows a council to prepare a single management plan for one or more separate holdings of Community Land used for similar purposes. Accordingly, a single management plan is proposed for those properties currently being used as community open space. The management plan is referred to as the Community Land Management Plan – Community Open Space (CLMP).

Section 196 of the Act sets out the structure and content and other matters relevant to the CLMP. The CLMP has been prepared in accordance with that section of the Act.

Section 197 of the Act specifies the public consultation process associated with the development of the CLMP.
