	<p>Red Kangaroo Dreaming and was an extended campsite used by Kurna people (Miyurna) for ceremonies, games, religious observances and burials. Consequently, Adelaide Oval and surrounds are of spiritual and cultural significance for Kurna people Miyurna.</p> <p>After the arrival of Europeans and before Adelaide Oval was established, Kurna people Miyurna and other Aboriginal groups continued their traditions of public performance for visitors to the 'country'. Kurna people Miyurna were displaced from the area along the River Torrens/Karrawirra Pari as the City and Adelaide Park Lands were established.</p> <p>Following the establishment of Adelaide Oval as a sporting venue, Kurna people Miyurna staged two corroborees at the Oval.</p> <p>Some Aboriginal participation in sport at the Oval occurred during the nineteenth and twentieth centuries; however, this was limited due to the attitudes of settlers and the racist practices in place at the time. Aboriginal involvement was most notable in Australian rules football and there have been many revered Aboriginal players.</p> <p>The Oval is a forum in which Aboriginal and non-Aboriginal people can have been able to interact through sport and other events, contributing in part to the improvement of cultural relations between non-Aboriginal and Aboriginal people.</p> <p>The Oval reflects the local history of Aboriginal participation in sport. For Aboriginal people, Adelaide Oval provides a place where racial stereotyping can be challenged though the ethos of sport, presenting an opportunity for participation and contest, irrespective of race.</p>

12	<p>Pre-settlement cultural significance</p> <p>The CoA is working closely with Kurna Elders to undertake cultural mapping across the Adelaide Park Lands.</p> <p>The CoA has developed the Kurna Voices Cultural Mapping which explores many of Kurna Miyurna's sacred connections to the land now known as Adelaide including places and stories within Tarntanya Wama. Mapping highlights the significant historical experiences and events that have occurred from early colonisation times.</p> <p>The CoA will continue to work closely with Kurna Elders and community to undertake cultural mapping across the Adelaide Park Lands. The outcomes of this project mapping will ensure that sites of Kurna cultural heritage significance in Tarntanya Wama are documented, recognised, promoted and understood where culturally appropriate.</p>	<p>This section has been contemporised and reflects the establishment of the Kurna Voices Cultural Mapping</p>
13	<p>Post-settlement cultural significance</p> <p>Adelaide Oval has been a focal point for major sporting and cultural events since it was first established. The site has been used as a sporting venue consistently since the 1840s. The earliest formal uses of the site for cricket date from the period 1859 to 1865, when the SA Cricket Club leased six acres on the current site and installed fencing and planted a cricket pitch. The South Australian Cricket Association (SACA) was formed in 1871.</p> <p>Appendix A provides a summary of key dates since colonial settlement.</p>	<p>Appendix A has been removed – this previously outlined dates since colonial settlement for Adelaide Oval. This information is not deemed to be relevant to the day to day management of the Adelaide Oval Precinct which is the intent of a CLMP.</p> <p>Revised CLMP includes two additional State Heritage Places;</p> <ol style="list-style-type: none"> 1. The George Giffen, Sir Edwin Smith & Mostyn Evan Grandstands, Adelaide Oval (State heritage place) 2. Adelaide Oval Scoreboard (State heritage place) <p>The Jason Gillespie sculpture has also been added under 'Other Memorials and Plaques'.</p>

	<p>The 2007 Cultural Landscape Assessment for the Adelaide Park Lands notes that the precinct “<i>contains considerable meanings and features of historic, aesthetic, social, geographical, design, and cultural associations and merit</i>”.</p> <p>The precinct includes the following significant features which will continue to be managed as State Heritage Places or where appropriate, investigate future State or local heritage listing. Some of these are listed as a State heritage place under the <i>Heritage Places Act 1993</i> (SA). https://www.legislation.sa.gov.au/LZ/C/A/Heritage_Places_Act_1993.aspx</p> <p>1. The George Giffen, Sir Edwin Smith & Mostyn Evan Grandstands, Adelaide Oval (State heritage place)</p> <p>“The George Giffen (1882, 1889, 1929), Sir Edwin Smith (1929) and Mostyn Evan (1929) Grandstands are directly associated with the history and development of the Adelaide Oval and are the main viewing structures on South Australia’s principal sporting venue. The scale, detailing and alterations to the grandstands reflect the continual growth and changes required to satisfy the demands of sports spectators over a period of more than a century.</p> <p>2. Adelaide Oval Scoreboard (State heritage place)</p> <p>The Adelaide Oval Scoreboard, completed in 1911, is an excellent example of an architect’s solution to a potentially mundane commission. Manually operated over four storeys, the Scoreboard incorporated new features including a novel approach to the layout of information which gave unparalleled detail on the progress of cricket matches, only surpassed with the advent of modern electronic scoreboards.</p>

These include:</p> <ul style="list-style-type: none"> • removal of Laffer Gardens from Pennington Gardens • contraction and redesign of Creswell Garden • loss of most of White Cedar Avenue from the northern area • demolition of the ticket house on the eastern side of the Oval. <p>There was also some more recent westwards expansion of Expansion of Oval No 2 occurred in 2015 and consequent changes to the pathway adjacent to Montefiore Hill and to the landscaping of the Montefiore Hill embankment.</p> <p>The Memorial Drive Tennis Centre Stage 2 Redevelopment in 2022 resulted in the construction of new northern and eastern stands, upgrades to the existing southern stand; court platform upgrades including new centre court rebuild, reconfiguration of site entry/exit areas, upgrades to existing roof works, and additional site provisions to cater for enhanced communications and visual display.</p>	<p>This section has been contemporised to include the Memorial Drive Tennis Centre Stage 2 Redevelopment which has been completed since the last CLMP review in 2021.</p>

15	<p>The very significant Redevelopment of Adelaide Oval and Memorial Drive Tennis Centre and the associated changes to the precinct have been completed. and no more major changes are planned No further major redevelopments are planned or envisaged for the precinct.</p> <p>Forecast population growth identified in the City of Adelaide – City Plan and in the Greater Adelaide Regional Plan indicates the need for the Adelaide Park Lands to prioritise and maintain publicly accessible open space.</p> <p>The Memorial Drive Tennis Centre completed a redevelopment in 2019. This included:</p> <ul style="list-style-type: none"> • a new woven fibreglass membrane fabric roof over the existing stands and centre courts • LED lighting to tournament standard on all match and practice courts • refurbishment of the international standard court platform. 13 A new hotel, integrated into the eastern façade of the existing structure, was completed in September 2020. <p>As it is located within the Core Area it is not subject to this CLMP.
