

COMMUNITY ENGAGEMENT POLICY

November 2025 legislative

Primary document: City of Adelaide Community Engagement Charter

PURPOSE

Council recognises and values the knowledge and experience of its diverse communities and is committed to involving the community in decisions that affect them. Equitable access to participatory decision-making by involving and empowering members of our community supports an inclusive, thriving and sustainable city that benefits everyone.

This Policy outlines the City of Adelaide's legislative requirements as contained within Section 50 of the *Local Government Act 1999* (SA), which requires Council to adopt a public consultation policy that sets out the responsibilities of Council. This Policy is also supported by the City of Adelaide Community Engagement Charter (the Charter).

STATEMENT

Our community is diverse and the City of Adelaide, when undertaking engagement with our community, needs to consider all city users, that is, residents, businesses, workers, students and visitors. As a Capital City Council, we are the State's cultural, government and economic centre stage, with hundreds of thousands of people coming into our Council on a daily basis.

Community engagement is the process of actively involving the community in decisions, planning and projects that impacts them or their local area. For the City of Adelaide, our community includes "all people who live, work, study or conduct business in, or who visit, use or enjoy the services, facilities and public places of, the City of Adelaide" (*City of Adelaide Act 1998*).

Ensuring that our engagement activities are community centric, accessible and inclusive and undertaken in a transparent and genuine manner is vital to meeting our legislative commitments, supporting informed decision making and building a strong community.

This Policy only applies to matters that require public consultation as required by the *Local Government Act (1999)* SA (the Act).

Public consultation prescribed under other legislation applicable to Council will be undertaken in accordance with those requirements, rather than this Policy, should there be any inconsistency.

Relationship with Community Engagement Charter

The City of Adelaide has developed a Community Engagement Charter (the Charter), which outlines our guiding principles to be bold, aspirational and innovative on how we work with our community to shape our city's future.

This Policy should be read in conjunction with the Charter.

This **Charter outlines our commitments** to how the City of Adelaide will engage with the community when making decisions, plans, or projects that affect them.

The Charter and Policy are guided by the following principles:

- **Community Centric** – The community is at the heart of what we do. We listen to them so that we can shape our city's bold future together.
- **Accessible and Inclusive** – All community members have an opportunity to participate in decisions that impact them.
- **Transparency and Trust** – Council builds trust by engaging authentically with our community on an ongoing basis.

GLOSSARY

Throughout this document, the terms below are defined as:

***(the) Act** is the *Local Government Act 1999 (SA)*.

Council is the elected body charged with the responsibility for making decisions on behalf of the community. In certain circumstances Council may delegate decision making to the Chief Executive Officer (including staff / administration).

Community includes individuals or groups who have an interest in Council's decision-making and who are affected by Council's decisions. These individuals or groups may be identified as residents, voters, ratepayers, business owners, customers, contractors and suppliers, community interest groups, agencies and hard to reach groups.

Community Engagement is a planned process of engagement where information is provided and community and stakeholders are formally invited, as per the relevant requirements in the Act, to comment about matters on which Council will deliberate. It also describes varying levels of participation in our decision-making processes.

Stakeholders are recognised as individuals and organised groups who have an interest in Council's decision-making and who are affected by Council's decisions. Businesses, retail outlets, State and Federal Governments, community groups, other Local Governments and not-for-profit organisations are considered stakeholders. Stakeholders may also be groups or organisations who have a role to play in policy development and program or service delivery.

Submissions are contributions made by members of the community, expressing an opinion in writing (including on Council's community engagement website) relating to an issue and/or proposal which will be considered in Council's decision-making process.

ADMINISTRATIVE
