

PETITION

Proposed location of the Adelaide Aquatic Centre

To the Lord Mayor and Councillors of the City of Adelaide,

We the undersigned, do hereby petition the Adelaide City Council to:

1. Refuse to grant any lease to the State Government for a proposed new Aquatic Centre in Denise Norton Park / Pardipardinyilla (Park 2) or anywhere within the world-unique, National Heritage-listed Adelaide Park Lands;
2. Advise the State Government to choose an alternative near-city brownfield site for a new Aquatic Centre;
(Locating a major sporting/recreational/commercial facility on the Adelaide City Parklands immediately adjacent a residential precinct is not only unprecedented, but would set a dangerous precedent, encouraging other organisations including a State Government to seek to develop similar facilities in the parklands.)
3. Petition the State Government to approve the long-delayed State Heritage listing of the Adelaide Park Lands, and support an application to UNESCO for World Heritage Listing.

Proposed location of the Adelaide Aquatic Centre

To the Lord Mayor and Councillors of the City of Adelaide,

We the undersigned, do hereby petition the Adelaide City Council to:

1. Refuse to lease the intended site to the State Government and refuse any development application by the State Government for the new Adelaide Aquatic Centre to be built at the intended site on Barton Terrace West, North Adelaide.
2. Locating a major sporting/recreational/commercial facility on the Adelaide City Parklands immediately adjacent a residential precinct is not only unprecedented, but would set a dangerous precedent, encouraging other organisations including a State Government to seek to develop similar facilities in the parklands.
3. The parklands are sacred and should not be diminished in any way. We urge the Council to do whatever necessary to have the parklands declared a World Heritage listing in order to protect them forever from this type of development.
